INDUSTRIES, INC.

Multi-Tap Rental Duty Transformer

PROUDLY MADE IN THE USA BY AN AMERICAN COMPANY

Multi-Tap Rental Transformer

VanTran Industries, Inc. offers a specially designed liquid-filled transformer for use in the generation and rental power industries.

The unit is available in sizes up to 7000 KVA and is designed to step up generation output to numerous commonly-used voltages ranging from 2400 to 14400.

It is ruggedly constructed, designed specifically for, and well-suited to the demands of, the rental power market.

Versions of this transformer are in wide use by many of the leading rental power dealers. We fabricate all units to meet your exact needs—valuable additions to your rental power fleet.

Quality Craftsmanship

Can we build a transformer for you, today?™

Since 1963, VanTran Industries has manufactured liquid-filled transformers of the highest quality for the industrial, commercial, and utility markets.

From the beginning, we have focused on providing innovative engineering and design solutions for our customers' unique requirements. Our highly trained and experienced technical staff welcomes the most challenging of design specifications.

**We are
recognized
as the foremost
independent
specialty
transformer
manufacturer in
America—with
shipments world-
wide.**

By maintaining our independence and emphasizing customer satisfaction, we have been able to adapt rapidly to the fast-changing distribution and small-power transformer market, while meeting ANSI and NEMA standards of manufacturing.

Regardless of the size or scope of your order, we'll get the job done right—on time, and cost effectively. We ensure your satisfaction at every stage of the process.

***We deliver the products you need—
when you need them.***

Whether you have a unique design need or a request for standard transformers, we can fulfill your requirements quickly and efficiently. We are ready to fill your order—large or small—unique or standard.

An American Success Story

Independently owned and operated, VanTran Industries is a true American success story. We are American engineers and American craftsman. With a history of success and a vision for the future, no one can serve you better than VanTran Industries.
